CAREER SUMMARY

A Junior Full Stack Developer with a strong foundation in modern web technologies, earned through an intensive 12-week program. I had hands-on individual and team projects following industry best practices for version control and documentation. I love building clean, responsive applications and want to apply my front-end and back-end skills to real world projects. My past roles have demonstrated that I am able to collaborate effectively, communicate clearly, and manage multiple priorities.

SKILLS

- Programming Languages: HTML, CSS, JavaScript, Java
- Frameworks: React.js, Spring Boot, Bootstrap
- Developer Tools: Visual Studio Code (VS Code), IntelliJ IDEA, Git
- Others: Agile
